

MUSIC SECTION

AMERICAN COMPOSERS THE THEME OF DELIGHTFUL PROGRAM

American composers were considered at the meeting of the Music Section of the Tuesday Afternoon Club which was entertained Friday afternoon by Mrs. Eva Cunningham, at the home of Mrs. C. L. Marlenee at 301 South Central avenue. About forty members and guests were present and a very delightful program was presented which included a paper by Mrs. George Mitchell on N. Glendale on American composers, particularly local composers around Los Angeles. It was a surprise to many present to know there were so many creative musical artists in Southern California. Miss Davis of Los Angeles played two movements on Cadman's Sonata, and later the Elf's Dance by Sapelnikoff. Mrs. Arnold then sang two songs by Vernon Spencer, "Oh Come to Me" and "Thou Art So Like a Flower," her encore number being Mrs. Hagood's "Sand Man." Mrs. Vernon Spencer, wife of the composer, gave four of her husband's compositions—"To a Weeping Willow," "From the Arabian Nights," "The Widow Bird," and "The Bird at the Window." These were designated as musical poems for children. She explained that they were intended for the pleasure and entertainment of children rather than composition for them to play. They are founded on descriptive poems by Grace Demmon, head of the Girls' Collegiate School.

Mrs. Charles Parker then directed members of the Madrigal Club present in the singing of her husband's composition, "Now Pray We for America," which closed the program, the accompanist being Mrs. John A. Wright.

Mrs. Marlenee had beautifully decorated her home with masses of the Ramona Cherokee (a dark pink rose) combined with purple iris, a striking and most unusual combination. Also the solo artists received flowers, a pleasant attention which was much appreciated. During the social hour which followed, dainty refreshments were served.

LAND AND OTIS MAKE CHANGE

Al Land, who was in charge of the Ford Agency repair shops for some time, and Norman Otis, who was in the front office, have identified themselves with the sales department of the Packer & White Agency. Both are well known in auto circles.

SINGER OF BIRD SONGS

HUTCHINS GIVES DELIGHTFUL ENTERTAINMENT AT HIGH SCHOOL

Hutchins, the bird man, gave a most pleasing program at High School auditorium Thursday evening, especially delighting the many children present. He began with an appeal for protection of the birds, which he said were among the best friends man had. They devour great quantities of insects, as many as a hundred a day and thus save plant and tree life. He then gave a great number of bird calls, reproducing them so faithfully that the children gave them delighted recognition. Miss Fritch, 6th grade teacher at the Columbus Avenue School, accompanied him on the piano. Then to the wonder of the audience he whistled the calls of Allen's humming bird in perfect unison to "Humoresque" and "Day Is Dying in the West," as played on the piano by Miss Fritch. He explained that this humming bird has a note higher than can be played on the piano. Mr. Hutchins gave a chalk talk while whistling drawing faithful portraits of birds with colored crayons. He also told many amusing anecdotes of bird life.

One of the most interesting of these chalk talks was on the passenger pigeon, of which but a few years ago there were millions in America. The last one died in Cleveland, Ohio, a short time ago, showing how the ravages of man cause to disappear birds and animals whose numbers seem inexhaustible.

As the closing number Mr. Hutchins drew a picture of "Home Sweet Home" with a blue bird circling above it, at the same time whistling softly the air of this sweet old song to Miss Fritch's piano accompaniment.

The auditorium was filled to the last chair and the receipts for admissions were over \$100.

INCREASED REVENUE

SUPPLEMENTARY BUDGET IS MADE UP TO USE CITY'S EXCESS RECEIPTS

It has been the custom for some years past to make a supplemental budget for the city's expenses after the first eight months of the fiscal year have passed. This is made necessary by continually changing conditions which make it impossible to make an accurate estimate so far ahead. This year the discrepancy has been far greater than usual. The Public Service Department, owing to the great number of new connections made and the fact that every residence and business house in the city has been occupied and contributing to the revenues of the Department, has earned \$24,000 more than was estimated and the miscellaneous revenues have exceeded the estimates by \$5500. While this has been true the increased cost of living has necessitated the paying of higher salaries and the far greater cost of materials has also added to the estimates for expenses. The balance, however, has been in favor of the revenues received, so the city's finances are in a very satisfactory condition.

In making up the supplementary budget for the remainder of the fiscal year, which ends June 30th, the excess of \$5500 in miscellaneous revenues has been distributed among the various funds so as to insure no deficit at the end of the year, while the additional revenues which will accrue will provide a balance of three to five thousand dollars.

In the original budget of the Public Service Department there was an unappropriated sum of \$12,000. Adding to this the \$24,000 excess revenues for the first eight months of the fiscal year, it gives a sum of \$36,000 to be distributed where needed in the Department and it is expected that there will be a balance of \$9,000 on hand June 30th.

BRUSH FIRE CALLS OUT DEPARTMENT

A fire alarm yesterday near noon sent the chief's car and one engine scurrying southward to 509 East Palmer avenue where it was found that a small trash fire had communicated to some piles of brush and the house was endangered. The flames were subdued without the throwing of any water.

RAINFALL FRIDAY NIGHT .15 OF AN INCH

The rain storm of yesterday afternoon and last night totaled .15 of an inch in Glendale. This brings the season's record up to 16.66 inches, as against 12.19 at this time last season. This was a very erratic storm, Los Angeles getting .40, San Fernando .52 and Pasadena only .01 of an inch.

AUTO AND TRUCK COLLIDE

H. Waterman of Hollywood was driving north on Jackson yesterday afternoon when he collided with a Fox-Woodsum Lumber Co. truck driven by John Fox, going west on Broadway. The bumper and right front fender of the truck were broken and the right rear wheel of the machine driven by Mr. Waterman smashed, also the top broken.

FATHERS' NIGHT

CENTRAL AVENUE SCHOOLS OBSERVE EVENT WITH ENTERTAINING PROGRAM

There was a very jolly party at the Central Avenue school building last evening in celebration of Fathers' Night. It was a family affair, father, mother and the children being present in goodly numbers. A very charming program, appealing to all ages, was given, as follows: Mrs. Eustace B. Moore, accompanied on the piano by Mrs. C. J. Tuttle, sang "A May Morning" (Deuza) and "The Magic of Your Eyes" (Penn); "Miss America," a fancy dance, was given by Kathleen Woods, a group of readings by Mrs. Nanno Woods and then a dance, "The Gipsy," by Dorothy Woods; Mrs. John Cotton, accompanied by Mrs. Wright, sang "Will o' the Wisp" (Spross), "Big Brown Bear" (Mana-Zueca) and "At Dawning" (Chas. Wakefield Cadman). Refreshments of home-made cake and fruit punch were served in generous proportions and during the half hour in which this was being attended to every one was asked to get acquainted with his neighbor.

STRIKE SPREADS IN NEW YORK

FIREMEN JOIN STRIKING YARDMEN, SWITCHMEN AND HARBOR WORKERS

(Special Service to Glendale Evening News)
NEW YORK, April 10.—The strike of outlaw railroad men spread rapidly in New York today. Passenger service on all roads operating out of New York was crippled when the firemen joined the striking yardmen, switchmen and harbor workers. Only sufficient firemen remained at work to operate through trains.

Simultaneously with the firemen's strike employees of the Hudson and Manhattan tubes operating trains between New Jersey and New York, walked out. Thousands of persons who live in New Jersey and work in New York were unable to reach their places of business. Great congestion and confusion resulted at the tube stations. The police had difficulty in maintaining order. Ferries crossing the Hudson were packed to capacity, but were inadequate to handle the crowds.

CONTEST OVER PEACE RESOLUTION

"MILD RESERVATIONISTS" TO DOMINATE THE SITUATION IN SENATE STRUGGLE

(Special Service to Glendale Evening News)
WASHINGTON, April 10.—Senate leaders today were prepared for a long and bitter struggle over the peace resolution passed late yesterday by the House. Senator Lodge, chairman of the Foreign Relations Committee, said he would call the committee together to consider the measure as early next week as possible.

Lodge and other republican leaders expect the resolution to pass eventually by a close vote, but the margin is so narrow that a change of one or two in the next few weeks might spell defeat for the measure. Some of the so-called "mild reservationists" have begun a series of political maneuvers which, if successful, will result in the "mild reservationists" voting against the resolution. As the democrats will oppose it almost solidly, according to Senator Hitchcock and other administration leaders, the "mild reservationists" will control the situation.

FRICTION BETWEEN FRANCE AND ENGLAND

BRITISH THREAT TO WITHDRAW FROM COUNCIL OF AMBASSADORS RECEIVED WITH BITTERNESS

(Special Service to Glendale Evening News)
PARIS, April 10.—France cannot accept Germany's word that she will remove troops from the neutral zone unless adequate guarantees are given to the French government, Premier Millerand said in reply to the British note protesting against French occupation of the Rhine cities.

"Recent events have demonstrated that the allied alliance must be tightened if Germany is to be held to the treaty of Versailles," the French Foreign Office said after considering Great Britain's reply. The British threat of withdrawal from the Council of Ambassadors if France persists in following the policy of Marshal Foch in "going it alone" in the enforcement of the French interpretation of the treaty, was received with bitterness in many quarters.

RAILROAD STRIKE BREAKING

BROTHERHOOD OFFICIALS PREDICT THAT IT WILL SOON BURN ITSELF OUT

(Special Service to Glendale Evening News)
CHICAGO, April 10.—The strike of railroad men was described in bulletins received here today as "easier in Chicago, slightly worse outside." Strikers admitted that more work was being accomplished by the roads but denied desertions from their ranks.

John Crunna, head of the Chicago Yardmen's Association which started the strike, said 25 new locals had asked for charters. The extension of rail difficulties on both coasts last night was gleefully greeted at strike headquarters. Representatives of the Brotherhood declared it is merely a matter of letting the strike fever burn itself out. It has been demonstrated, they said, that nothing is to be gained through the newly formed unions. The claim that difficulties in the yards here were abating was based on the fact that several crews headed by men who made the first strike returned to work. With the strike broken here, Brotherhood men said, it would die out elsewhere. An unofficial report was circulated that an agreement might be reached here today if promises were made that wage increases to be granted later would be made retroactive to April 1, and if the yardmen's association be recognized.

REORGANIZATION OF THE NAVY

WILL BE RECOMMENDED BY SUB-COMMITTEE WHICH PROBED SIM'S CHARGES

WASHINGTON, April 10.—Recommendations for the complete reorganization of the navy will be made by the Senate sub-committee which has been investigating Rear Admiral Sim's charges; it was decided today. The sub-committee which has been conducting the probe, came to this decision by a strict party vote.

Senators Pittman and Trannell, democratic members, declared they would protest to the full committee that the sub-committee had no authority to go beyond an investigation of Sims' special criticism.

"JINKS NITE DANCE"

FINAL FESTIVITY OF ANNUAL JOY DAY AT GLENDALE UNION HIGH

A delightful conclusion to the day of fun enjoyed by students of Glendale Union High School was provided in the dance at the Keller Studio Friday evening by Sloan Freeman and Salvador Felix. The attractive assembly room was beautifully decorated with roses and greenery and about sixty couples were present to enjoy the fine music furnished by the G. U. H. S. Jazz Orchestra, composed of Kenneth Whaley, Dorothy Baird, Brigham Bennett and Eddie Monroe. Part of the time they were accompanied by James McClusky, who sang the words of the popular songs played.

The costumes which had furnished so much amusement during the day had their final review and competed for prizes, the judges being Mrs. Pearl Keller, Mrs. Luckhart and Harry Glazier. There were many to choose from, Indian squaws and braves, English hobos, constables, terrors, darkies and foreigners of all descriptions. The first prize for the ladies was won by Miss Esther Ralston in the costume of a squaw maiden. Kenneth Whaley won first honors for gentlemen as an English tramp.

The boys and girls danced until twelve o'clock and had a delightful evening.

FROM POUGHKEEPSIE

GLENDALE FAVORABLY IMPRESSES PAINT MANUFACTURER FROM "YORK STATE"

Charles H. Barnes, who has been spending a few weeks in Glendale, is almost persuaded that our city would be a good place to stay permanently. He comes from Poughkeepsie, N. Y., where he is engaged in a paint manufacturing business and says if he were to make the change he is tentatively considering, he would establish a branch house in Southern California. He is delightfully enthusiastic about Glendale, says on previous visits to the coast he has stopped in Pasadena, but on driving over here he was so impressed with the beauty and cleanliness of our little town that he was tempted to become more intimately acquainted with it. Poughkeepsie has within recent years taken on new life, he declares, and from being a quiet, not to say dead town, has become an active manufacturing center. As a sample of its civic enterprise he mentioned that a fund of \$400,000 has been raised among the business men of the city and a like amount among the bankers to build homes for working people. The DeLaval Separator Company has a plant there that employs 2000 persons, and there are a number of other thriving factories.

FRANK MONAGHAN TO HAVE SHOW PLACE

Frank Monaghan of 520 North Louise is having a show place made of his residence lot and the lots on either side of him, under the supervision of Emil Fram. A sprinkling system covering all three of the lots has been put in and a lawn will ornament the entire front. Rare and beautiful shrubs, trees and plants will be placed symmetrically on and back of this lawn, and fruit trees will occupy the back part. The work was begun several weeks ago and will continue for some time longer, as some of the trees and shrubs have to be brought from long distances.

ONE-CENT SALE

ANNUAL EVENT STAGED BY SPOHR DRUG STORE ANTICIPATED BY MANY

Those who appreciate real bargains look forward from year to year to the one-cent sale put on at Spohr's Drug Store, the Rexall store. This is an advertising stunt that appeals and has become so popular that it is continued from year to year. You buy an article at the regular price and a second article of the same kind for one cent. Many take advantage of this sale to stock up with toilet articles and accessories and other things that are included in this sale.

Mr. Spohr has set Friday and Saturday of the coming week for the one-cent sale.

7-DAY CHAUTAUQUA

GLENDALE ON BIG CIRCUIT FOR GREAT ORGANIZATION FOR MAY 10-16

A contract signed by fifty of the leading business, professional and club men and women of Glendale assures this city of a big seven-day Chautauqua to be put on May 10th to 16th, under a tent seating 2000 people.

The contract was made with the Ellison-White Co. of Portland, the largest international system, and Glendale is on its largest circuit.

Mr. Scott W. Head, a representative of the system, will be in Glendale next week to perfect with the General Committee all details for the setting up of the Chautauqua.

Rev. C. A. Cole, Supt. Richardson D. White, Mrs. A. W. Tower, A. D. Pearce and Mrs. A. A. Barton head the General Committee of fifty which will organize itself early next week.

An unusual item in the local contract which was insisted upon by local persons was that 25 per cent of sales above the guarantee should be retained locally.

Announcements and detailed explanation of all matters regarding the 7-day event will occur in the Glendale News from time to time.

NEW GLENDALEANS

PARENTS AND GRANDMOTHER OF B. M. EMERSON ARRIVE FROM TOPEKA TO STAY

B. M. Emerson of 441 Salem St. was made very happy by the arrival Friday morning of his parents, Mr. and Mrs. N. B. Emerson, and his grandmother, Mrs. E. J. Emerson, from Topeka, Kansas. They were here and spent the winter two years ago and were so well pleased with the country that they have returned in the expectation of locating in Glendale. They left on Tuesday after the big storm chronicled by newspaper correspondents and report that the roads were almost impassable and that they could hardly get to the train on account of the snow. An old friend, Mrs. Linaberry, also accompanied them and plans to establish herself in Glendale. For the present the party is at the home of Mr. and Mrs. B. M. Emerson. Mr. Emerson's grandmother is eighty-seven years of age and stood the trip exceptionally well.

LOCAL OSTEOPATHS

HEAR DR. EDMISTON'S REPORT OF A CIRCUIT OF THIRTY-TWO CLINICS

A meeting of osteopathic physicians of San Fernando, Burbank, Eagle Rock and Glendale was held Thursday evening in the office of Dr. Paine-Jackman in this city, which was addressed by Dr. C. S. Edmiston. He had just returned from making the circuit of thirty-two clinics in ten western states and he had considerable of interest to tell in regard to his 6000 miles of travel, and the patients he encountered. It appears that one-half of the thirty-two clinics visited are in California. Eight hundred osteopaths are enrolled in the Western States' Association which maintains this circuit. In the north the clinics averaged three hundred miles apart, he said, and the entire territory covered stretched from the State of Washington to Texas. He estimated that the write-ups of the clinics published in the newspapers of the towns visited reached about sixteen millions of readers. He stated that as a result of these monthly tours local organizations of osteopaths similar to the one which meets here, are being formed everywhere. The cases considered at these clinics run from all sorts of difficult structural cases to smallpox, and every walk of life he found represented, from distinguished members of parliament to day laborers.

The Glendale osteopaths were so interested in the things he had to tell them that the session seemed all too short and they adjourned the meeting reluctantly at 10:30 o'clock.

Dr. Gaddes of Oakland was named as the next "circuit rider" and is even now on tour. He is expected to visit Glendale before returning to his home city.

WEATHER FORECAST—Fair to night and Sunday. Somewhat higher temperatures tonight.

AUTOMOBILE SECTION

LARGEST IN WORLD

AUTOMOBILE CLUB OF SOUTHERN CALIFORNIA HEADS THE LIST

Southern California now has the largest motoring organization in the world, taking precedence over Great Britain which previously held the record, according to an announcement made recently.

Some statistics issued for the first time by officials of the Automobile Club of Southern California show that the automobile owners of the southern part of the state to the number of 36,590 have banded themselves together in the cause of sign-posted highways and fair legislation.

This number eclipses that of any other single auto organization in the world. The figures made public recently by Southern California's club are vitally interesting in that they show to what extent automobile owners are willing to go in providing concerted action in favor of road bond issues, sign-posts and auto thief traps.

In February of 1917 the Auto Club had 10,000 members. On July 11, 1919, it had 21,817 and on that date its president, Fred L. Baker of Los Angeles, issued a call for 30,000 members by the end of the year. So enthusiastic was the response on the part of those who already were members, and employees, that by January of 1920, there were 30,320 motorists enrolled under the club banner.

In addition to its gigantic membership, the Southern California organization is unique in the extent in which it provides service for its members and for visiting auto owners. It has led America in the campaign against automobile thieves through the activities of the club

NOT TRUCKS UNDER 2000 POUNDS

The State Highway Department of Pennsylvania in a recent ruling has determined that all commercial motor vehicles with a chassis weight of less than 2000 pounds are to be registered in the passenger motor vehicle class. Over 2000 pounds they are placed in the commercial category.—Motor Age.

theft bureau in charge of trained detectives; in providing motor car insurance at cost prices and in the extent of its touring information and road mapping.

At the present time the Auto Club's membership is increasing at the rate of approximately 2850 per month, according to its own announcement. Each month an average of 450 members "drop out," of which ninety per cent are Easterners who join the organization during their stay in California, thus expressing their appreciation for its work.

Imperial Valley, with a reputation to sustain for having every thing possible the first of the season, is planning to give the first big automobile show this year to be held in the West.

Motorists in every part of the state are anticipating a good excuse to see the valley for themselves when they trek over to El Centro during the three days beginning April 22d.

Automobile dealers located in Los Angeles and San Diego are co-operating with the Imperial Valley Automobile Dealers' Association and the Automobile Club of Southern California in an endeavor to make this first Southern California exhibit a success.

Brawley Day has been set for April 22d, Calexico Day is April 23d, and the last day, April 24th, will be

MONDAY IS ELECTION DAY

We should choose and elect for Trustees those in whom we can place implicit confidence—those who will stand up to the strain and give satisfaction.

This is equally true of automobile tires. Goodyear tires have proven their worth by giving double the mileage at the same cost. Ten to twenty thousand miles is common with Goodyears.

"Accessory Day." Unique decorations and features have been planned by the committee in charge of arrangements and on account of the large territory represented it is believed that this show will rival any ever held in the southern part of the state.

Automobile Club officials both in Los Angeles and in the valley are working with the Dealers' Association in arrangements for handling the crowds and in marking the highways leading to the valley from the surrounding counties.

That the establishment of the City of Los Angeles as a rubber manufacturing center, through the selection of that city as the seat of the factories of The Goodyear Tire & Rubber Company of California, will not terminate the westward advance of rubber manufacturing, if the present plans of the Japanese government materialize, is the declaration of Rev. H. S. MacAyeal, a prominent minister of Akron, Ohio, who recently returned from a visit to the Land of Nippon. He states that with an ample supply of crude rubber right at her door and the possibility of raising cotton within her own borders, Japan is anxious to become a factor in the world's production of rubber goods. He declares that the Japanese government is now sending graduates of the Imperial University of Tokio to this country to study methods of rubber manufacture. Japanese students who have come to this country for this purpose are now attending Akron Municipal University, where an extensive course in rubber production is offered.

In preparation for the early ornamentation of the state highway system by planting shade and ornamental trees along the main routes, the State Highway Commission expects to acquire twenty-five acres of land near Sacramento for a nursery where trees for highway planting will be propagated. The nursery will be developed under the direction of the State Board of Forestry which is co-operating with the Highway Commission in the plan to beautify the state highways.

Ford

THE UNIVERSAL CAR

Let There Be No Discords

If your Ford car is out of tune, there is undoubtedly a very good reason for it. And the best way to find that reason, and have it remedied, is to jump in and drive to one of the authorized Service stations, listed below, where one of our mechanics who is thoroughly acquainted with the Ford mechanism and who knows the Ford way to adjust or repair your car, can tune it up in a garage that is properly equipped to give real Ford service. Then, too, we never use imitation parts—only the Genuine Ford-made, strong and durable. They wear from thirty to seventy-five per cent longer than the counterfeit parts that are softer and more cheaply made. In fact, it is dangerous to human life to use imitation parts, and it is not fair to your Ford car nor your pocket-book.

We are a part of the gigantic Ford Service organization whose purpose it is to serve the owners of all Ford cars and trucks; we have more than a passing interest in your car. Prompt service is given on all work—from a minor adjustment to a motor overhaul. Drive into any of our places and see the facts for yourself; there's too much money invested in your Ford car to miss connections with the authorized Ford dealers.

100,000 FORDSONS

HIGH RECORD IN THE MANUFACTURE OF FARM TRACTORS SOLD BY FORD

On February 19th, at 9 a. m., Fordson Tractor Number 100,000 left the assembly line of the Fordson plant at Dearborn, Michigan, slightly less than two and one-half years after number one was completed. Here again Henry Ford has set a new high record in the manufacture of farm tractors via the quantity production route.

Although the Ford interests are very recent entrants in the ranks of the tractor manufacturers, yet Henry Ford really built a tractor—of the steam type—before he started work on his first gas car. And incidentally, that tractor and the first car are still in very good running condition, and Mr. Ford occasionally demonstrates both to visitors at his farm in Dearborn.

Some fifteen years ago, Mr. Ford began work on what has come to be the Fordson. This first tractor was really a Ford car equipped with special wheels and included, of course, some mechanical changes. By 1908 he had a workable tractor; it ploughed, harrowed, and did much other work on the farm. Then ensued nine more years of experimental work before the first tractor was put on the market.

Fordson tractors are now being assembled at the rate of 350 daily at Dearborn, 100 at the St. Louis Assembling plant, and it is estimated

ESSEX WINS

POPULAR CAR GETS RIGHT TO FILE FIRST NOTICE ON SECTION OF LAND

Defeating scores of other cars, an Essex won the right to file the first notice on a section of government land near Choteau, Montana. The occasion of the race was the recent signing of the Oil Leasing Bill by President Wilson. This threw open a tract of government land which was considered valuable because of its oil possibilities.

Throughout that section of Montana great preparations were made to invade the tract the instant it was thrown open to obtain the most valuable locations. It was a case of first come, first served, so a young attorney who wished to file a claim enlisted the aid of Dr. H. J. McGregor, an Essex owner.

When the word came that the bill had been signed, the race began. The Essex was the first car to reach the tract, covering 30 miles of snow covered roads in 36 minutes, thereby gaining oil rights which may be worth a fortune.

The date of the annual economy run from Los Angeles to Yosemite Park will be held May 7th and 8th this year. The early dates are chosen to insure better accommodations in the park.

ed that within a short time the Des Moines Branch will be in operation. There is also an assembling plant at Cork, Ireland.

BATTERY TROUBLES

A. S. KNOX OF THE AUTOELECTRIC COMPANY ANSWERS INQUIRIES

(Q.) My 1915 Oldsmobile runs all right at speeds above 20 miles per hour, but misses badly at lower speeds and on hills. A mechanic says the ignition is all right.

R. W. K. (A.) One of the porcelain in a spark plug may have a small crack, or very likely the compression is poor on one or more cylinders.

(Q.) The battery in my car reads above 1300 all the time, and I dislike burning my lights so much of the time. Is there no way to remedy this condition?

B. (A.) You neglect to state the make of your car, but on practically every car the charging rate of the generator is adjustable. Have the charging rate lowered slightly.

BY AND FOR THE NATION

The Nation wants a system of national highways—a comprehensive, articulated, connected series of through routes that will be truly national in scope, designed for and constructed for the people in general and not for the especial benefit of any community, county, state or regional subdivision.

To secure such roadways the federal government must assume full authority and responsibility in surveying, financing, constructing and maintaining these proposed roads of a national highway system. Their

The Maxwell

TRUCK

He responds with spirit to any request. He is up and away in a jiffy, gets over ground faster than bigger fellows, who struggle under the heavy burdens of their own dead weight.

He turns a corner quickly, picks his way in and out of traffic, fairly runs away from most any other carrier when a street's thick with teams and motors.

He therefore makes more trips, more miles in a day, covers more territory, delivers or collects more parcels or freight.

That's why some call him "Speedy" Maxwell. He's there when it comes down to getting a thing done in a hurry.

He might just as well be called "Thrifty" Maxwell, for he's a penny counter, if you like.

He never uses food except when he's working for you and he's almost sure to make you a present of his first cost in one trip around the calendar.

Chambers & Felts

246 South Brand Boulevard

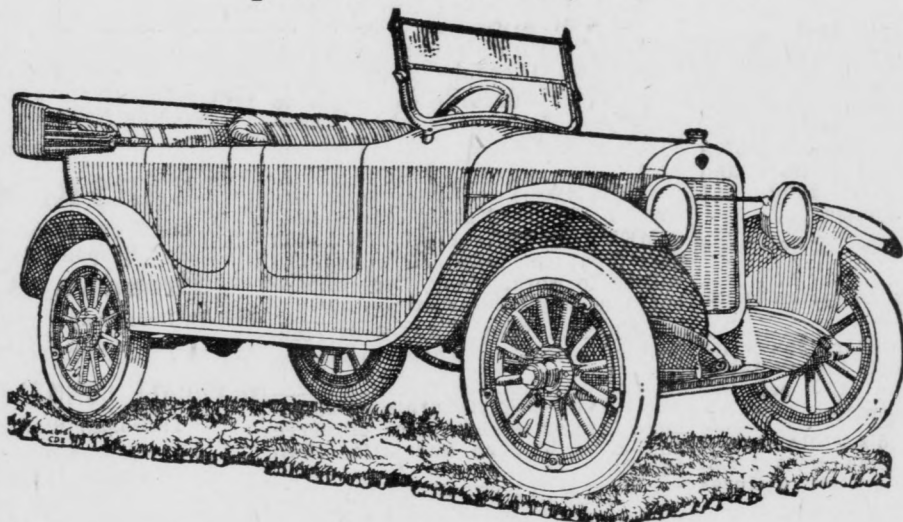

HUDSON

Glendale 1320

ESSEX

Pound for pound the steels in a
MAXWELL
equal those in any car

THE tendency in cars today is to reduce weight, to cut out unnecessary pounds, to take those extra burdens off the power of an engine.

In a Maxwell there is hardly a superfluous pound. Like a great cross country runner, it carries no handicap in weight.

It is made of fine steels, and these steels have that magic combination that metallurgists strive for—light weight and extra strength.

These steels are made to order for Maxwell. They are treated in great furnaces, and they are strong beyond belief.

Pound for pound, they equal the steels in any car built.

But they more than repay for their high cost.

They wear. They stand terrific abuse. They defy time.

But their greatest task is to lighten the burden of the Maxwell engine, enable it to perform brilliantly, and make gasoline deliver extended mileage.

Thus you will understand that rise of Maxwell the world over, that ever growing friendship, that ever increasing demand.

Today nearly 400,000 in use. In 1920, 100,000 more.

Still this will fill but 60 per cent of the world's requirements for this remarkable car.

B. G. SUTHERLAND

217 N. Brand Blvd.

Glendale 254-W

More miles per gallon
More miles on tires

designation and construction must be in the hands of a commission of able and honorable men, above all suspicion of undesirable influences, and big enough to ignore the yelpings of the little politicians who as a matter of course, will froth at the mouth if denied opportunity to snatch some few crumbs from such a delectable pie.

These national roads should be built for all the people and not to serve any part of any state or any section to the detriment of the 100,000,000 Americans who will foot the final bill and to whom first and last consideration is solely due.

It stands to reason that these National Highways will, over considerable mileage, coincide with highways already built by various states and counties. These subdivisions will not unnaturally think it an injustice to be required to pay for highway construction in other and distant states that have been less progressive in road building. This is the narrow view. Where construction is needed, there the work should be done and the money expended.

As a matter of fact, the sparsely settled western states will be the ones in which vast mileages must be constructed. But there is where the weak links exist in the present highway chain. There is where roads will not and cannot be constructed for many years in the amount desired unless the Nation, as a whole, undertakes their construction.

California has built, or will have built its state system of highways to an extent that will leave little, if any, mileage to be constructed under a National Highway Act. None the less, this state will be called upon to assume its share of the cost of building National Highways. And it should not object that such payments are used in highway building through New Mexico, or Arizona, or Idaho or in any other state that has not the wealth to permit of great present highway activity.

National Highways—that's the thing. Their construction should be kept above all local state jealousies, out of politics, but always under the watchful eyes of the people who are paying the freight.—Touring Topics.

Tire Sale

These tires are all standard makes and it means a REAL SAVING to you if you make your purchases now.

We also have on hand a limited supply of good USED TUBES that we are offering at exceptionally low prices.

Glendale 1918-J

SUFFICIENTLY ANSWERED

A man who was visiting in a down-east town was charged by rumor with dragging his wife from a certain meeting and compelling her to return home with him. The man let the story travel until he had a fair opportunity to give it a broadside, and then he replied in the local paper, as follows:

"In the first place, I never attempted to influence my wife in her views nor her choice of a meeting.

"Second, my wife did not attend the meeting in question.

"In the third place, I did not attend the meeting myself.

"To conclude, neither my wife nor myself had any inclination to go to the meeting.

"Finally, I never had a wife."—Selected.

The tow service of the Automobile Club of Southern California towed in during the past year 1836 disabled cars, belonging to members.

SURPRISE PARTY

MISS HAZEL WALTERS GIVEN HAPPY SURPRISE ON 18TH NATAL DAY

A very pleasant surprise party was given at the home of Miss Ruth Palmer, 1008 East Colorado, Friday evening, in honor of the 18th birthday of Miss Hazel Walters. The color scheme was pink and white and this was carried out not only in the decorations but in the refreshments. The evening was very pleasantly spent in games and music. Refreshments of pink and white brick ice cream and cakes were served. The birthday cake was white, with pink candles. Those present besides the honoree and hostess were Misses Dorothy Howard, Thelma Walker, Viola Johnston, Faith Taring, Evangeline Quackenbush, Irene Wright, Vida Knapp and Margaret McPherson; Messrs. Dale Wood, Norman Begg, Wilbur Johns, Rowland Walters, M. Williams, Truman McCrea, O'Neil Perkins, Stanley Walker and Hugh Freeman.

The little man made his way back to the box-office. "This seat number sounds like a German submarine; its U-19," he said. You don't want to exchange it merely on that account, do you?" asked the ticketman. "No, but I thought you might be able to supply me with a periscope to see over that woman sitting just in front."—Boston Transcript.

CERTIFICATE OF CO-PARTNERSHIP TRANSACTIONS BUSINESS UNDER FICTITIOUS NAME

WE, the Undersigned, do hereby certify that we are co-partners transacting a general furniture manufacturing business, of general household furniture, including bed-room sets, dining room sets, kitchen sets, tables, chairs, etc., under the name of THE RUSSELL FURNITURE MANUFACTURING COMPANY; that the principal place of business of said co-partnership is at 1521-A S. San Fernando Road, being at the corner of San Fernando Road and Eulalia Street in the building known as the Payne Block, in the City of Glendale, County of Los Angeles, State of California; and that the names in full of all members of said co-partnership and their respective residences are as follows, to-wit:

LESLIE WAYNE RUSSELL, 101 N. Cedar St., Glendale, California, and FRANCIS VERNON MCGOWAN, 101 N. Cedar St., Glendale, California.

IN WITNESS WHEREOF, we have hereunto set our hands this 23rd day of March, 1920.

FRANCIS VERNON MCGOWAN, LESLIE WAYNE RUSSELL, STATE OF CALIFORNIA,) SS. CITY OF GLENDALE,) COUNTY OF LOS ANGELES,)

On this 23rd day of March, in the year one thousand nine hundred and twenty, before me, James F. McBryde, a Notary Public in and for the City of Glendale, County of Los Angeles, State of California, residing therein, duly commissioned and sworn, personally appeared Leslie Wayne Russell and Francis Vernon McGowan, known to me to be the persons described in and whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, at my office in said City and County, State of California, the day and year in this certificate first above written.

JAMES F. MCBRYDE, Notary Public in and for the County of Los Angeles, State of California. My Commission Expires Jan. 23, 1923.

JAMES F. MCBRYDE, Attorney for co-partnership, 103-A N. Brand Blvd. Glendale, California.

W. E. Laughlin has employed E. D. Yard to remodel his residence at 601 North Maryland.

Personals

Mrs. A. K. Hugo is having her son, L. L. Hugo, build for her a 5-room residence and a garage, at 536 East Elk avenue.

Kenneth Brandstetner of 915 East Wilson avenue reported the theft of his new bicycle from the Intermediate school grounds yesterday.

Born to Mr. and Mrs. Fred Fishel, an eight-pound boy, Friday morning, at the Westlake Hospital. Both mother and son are doing nicely.

Born, to Mr. and Mrs. Fred Sinclair, of Norwalk, but formerly of Glendale, on Saturday morning, April 10, 1920, twin girls.

Mrs. Wm. W. Stofft of 457 West Stocker reported to the police that \$35 was stolen from the home Thursday night. No clue has yet been found to its disappearance.

Miss Annie Fuelscher, assisted by her sister, Alice, entertained a few friends Friday evening who came in their jinks costumes. Games were played and refreshments were served.

Dr. A. M. Duncan of South San Fernando Road left Friday night for a ten days' visit and rest in the home of his daughter and son-in-law, Mr. and Mrs. Will Hillman, in Tulare county.

Mr. and Mrs. J. C. McQuiston of 346 Pioneer Drive have rented their home to Mr. Custer and family who are delighted with it and say the view of the mountains is most wonderful. The McQuistons are at their cottage at Hermosa Beach where they will be glad to see their friends.

A theatre party which will take in the program at the Orpheum this afternoon will include Elizabeth Allen, Jane Snyder, Marcella and Hettie Orth and Irene Whitaker. Mrs. Orth will join her daughters in the late afternoon and accompany them to the Morosco in the evening.

Mr. and Mrs. Homer B. Miller, of 434 West Burchett street are spending the week-end at Alpine Tavern, Mt. Lowe. Friends are taking care of their two little children giving their parents a short but complete rest, which is much appreciated by Mrs. Miller.

Mrs. O. A. Perry entertained with a luncheon at her residence, 111 N. Louise street Friday. The guests were her mother, Mrs. Hyer, and her mother-in-law, Mrs. Chas. E. Bateman. Mrs. Hyer will in future make her home at 111 North Louise St., where she will be glad to see her friends. Mrs. Bateman is a recent bride.

Dr. and Mrs. Marlenee attended the Olga Steeb concert in Los Angeles Tuesday evening and pronounce it a wonderfully brilliant performance. Mrs. Marlenee says she is prepared to accept Paderewski's verdict that "Olga Steeb could teach us all how to play." The Doctor returned Friday from a business trip to Banning and arrived on time in spite of his wife's anxiety lest he should be held up by the strike of railroad men.

Mr. and Mrs. Charles L. Glover of 416 Myrtle street entertained at dinner Friday evening Mrs. William Wayman of Chicago and her brother Paul Grimm, of Los Angeles. Mrs. Wayman has been spending several weeks in Los Angeles and is to return to the East the first of May. Mr. and Mrs. Glover have been trying to interest her in Glendale with considerable success, having taken her on several sight-seeing trips in and around the city. She is already debating transferring her household effects from the East and making her permanent home somewhere in Southern California.

COLORADO P-T. A. MEETING

The Colorado P-T. A. met Friday afternoon and following the regular routine business E. E. Williamson gave an interesting talk on the Boys' Camp of the Y. M. C. A. Mrs. Catt gave an instructing talk on Home Beautifying, after which piano solos were rendered most enjoyably by Misses Dyas and Rebecca Bryant.

BAPTIST WOMEN'S UNION

A splendid all-day meeting of the Women's Union of the First Baptist Church of Glendale was held at the church Thursday.

During the morning a great deal of sewing was accomplished and at noon a delicious luncheon enjoyed, after which the business meeting was held and the new officers for the coming year introduced. The work planned for the coming year is surely based on the New World movement and bigger things are therefore expected to be accomplished.

Following the business meeting an attractive program was given; Mrs. Rae Bentley rendering a pleasing vocal number and Mrs. Moody giving an interesting article on "Need for Medical Missionaries," and Mrs. Walter Stamps on "The Women Who First Studied Medicine in Order to Fit Themselves for Medical Missions."

The children of the mothers present enjoyed themselves at games under the direction of the Nursery Committee.

IN PRIVATE CONVERSATION

I frequently make this statement: "The Provident Life and Trust Co., during its entire life, has come nearer trying to do right at all times and under all circumstances, with fewer mistakes in judgment, than any business institutions I have ever known."

I don't see how I could make it stronger. "The Provident" made loans on policies, paid full cash-surrender values and dividends on paid-up policies, long before such things were incorporated in the contract.

During the years when nearly every company in the U. S. was led into the error of issuing Tontine or deferred-dividend policies which was the cause of the insurance investigation of 1905, the Provident, believing such practice to be wrong, continued to pay annual dividends on all policies. In other words, they were always on the side of the unfortunate. The history of the company is one brilliant page. Isn't striving to be a worthy representative of such a company a lofty aspiration? It is my highest ambition.

TRYING TO RELIEVE OVERLAND SHORTAGE

A. B. Lawrence of the Glendale Overland Agency says an effort is being made by the 30 dealers in Southern California to gather up a train of 30 to 50 empty automobile cars to send back to the factory to be loaded with autos for this section. There are plenty on hand at the factory but transportation is so hampered that none of them can get enough to anywhere fill their orders. All of them are oversold from 60 to 90 days ahead. The shortage is especially noticeable on Willys-Knight cars, the Glendale Agency having had not one in many months, though there is a great demand for them.

OCTOGENARIAN CELEBRATES

M. H. Kenaga of 547 Oak street celebrated the eightieth anniversary of his birth, Thursday, April 8th. A splendid dinner was served at noon to relatives who came from Long Beach to join the family in honor of the occasion. Mr. Kenaga ate his dinner from a plate that was one of a set of dishes his father and mother began housekeeping with about ninety years ago. Other heirlooms were shown the guests. During the afternoon J. Clayton Stewart entertained them with the recitation of an original poem.

Covers were laid for Mrs. L. A. Carruthers, D. H. Kenaga, Mr. and Mrs. George Green, Mrs. Ralph Loezler, Mrs. Fannie Carruthers, Mrs. McGill, Miss Minerva Kenaga and the host.

MISS PARSONS' INSURANCE

Miss Ethel Parsons, employee of the Bank of Glendale who was slightly hurt in the overturning of her automobile at the corner of Broadway and Louise about 6 p. m. on Thursday, had taken the precaution to secure automobile and personal injury insurance through Leslie M. West, Jr., District Manager of the Union Indemnity Exchange. Her policy became effective on the 7th. Friday, April 9th, at 10 a. m., Mr. West learned of the accident his client had suffered. He at once investigated and at 12:30 o'clock or two and one-half hours after he had knowledge of the occurrence the Ford Agency had been given an order to repair the damage to the machine and release it to the owner without cost, sending the bill to the Exchange. Miss Parsons is very much pleased with this speedy adjustment. Her policy covers insurance of her auto and personal injury insurance. She purchased it at a cost of \$48.75 on the 7th of April and on the 8th of April she got the benefit of it.

NOVEL SKYLIGHT CONSTRUCTION

The ten skylights on the roof of the new building to be occupied by the Evening News at 139 South Brand are of a construction not heretofore seen in Glendale. They are shaped like piano boxes and covered with roofing paper. The windows that admit the light are set perpendicularly in the north side of each one. This kind of construction insures against leakage around the sides, as is common in most skylights.

OPERATIONS AT GLENDAL SANITARIUM

Recent operations at the Glendale Sanitarium and Hospital are as follows:

E. S. Hanger, of 337 Ivy, Miss Dorothy Chobe, niece of L. W. Chobe of the Glendale Health Department, Mrs. Cochran, wife of Dr. A. S. Cochran of El Paso, Tex. All had tonsils removed. W. F. Simmons of the Vert-Mont Hotel, underwent a rather serious operation, also. All are recovering rapidly.

ATHLETICS AT INTERMEDIATE

This has been a try-out week at the Intermediate to determine the relative rank in athletics of the various classes in the school. Every day at noon there has been a track meet to ascertain which class could make the best record. Final scores placed A. 7-3 and A. 8-3 in the lead. Friday afternoon there was an individual track meet, in spite of the light rain, to determine the best all around athlete. Paul Bettis won out with the largest number of points, 25; Thomas Haig was a close second with 23 points; Richardson Jones of A. 7-3 made a good third with fifteen points. Other boys who took part were: Thomas Wood and John Lovell and Harry Harding. The program included hurdle races, the 220 and 440 dash, broad jump and high jump.

WOMEN'S AUXILIARY TO AMERICAN LEGION

Mrs. J. F. McBryde and Miss Clara Midcalf, appointed as a committee on organizing a Women's Auxiliary to the American Legion Post No. 127, of Glendale, had a meeting Thursday evening and decided to call together in mass meeting on Thursday evening next, in the Post Hall, the wives, mothers, daughters and sisters of ex-service men of Glendale to take steps to form such an auxiliary. Every man who was in the service of the government in any capacity during the war and who has wife, mother, sister, daughter, any or all of such classes, should let them know they are entitled to membership and urge them to attend this meeting, on the evening of April 15th, in the Post Hall, over the Bank of Glendale, Boulevard Branch. All who join at this meeting will be charter members.

JINKS PARTY

A number of High School students were invited by Miss Inez Harrison to her home at 505 North Louise street last night to carry into the evening the jinks program which held full sway at the High School during the day. The guests came in every conceivable costume, adding much to the fun. Music and progressive games filled the evening which came all too soon to a close.

Save Your Health and Strength

No work that is done in the home requires so much of a woman's strength or is such a nervous strain upon her as the weekly laundry work. In some homes the entire household is disorganized on wash day. Place the confusion that results from doing the laundry work in the home and the strength-draining labor that is required to do it on one side of the balance and the small weekly outlay necessary to send the washing to the home laundry on the other side.

Make an honest comparison and you will decide to let us do your laundry work.

Glendale Laundry

Dainty refreshments were served by the mother of the hostess.

The invited guests were Elizabeth Edmonds, Phyllis Baker, Hope Ireland, Martha Eilers, Helen Engle, Mary Simpson, Marjorie Yarrick, Mary McDill, Gertrude DuBois, Paul Edmonds, Stephen Fairchild, Chas. DuBois, Chester Weaver, Edward Smith, Vivian Taylor, Isiah Sinclair, Harry McClusky, Kenneth Wilde and Ben Robinson.

After April 16th the Arrowhead Springs resort will no longer be open to the public, as the government will then take it over as a home for wounded soldiers which will leave only about 978 other resorts for visitors in Southern California.

Everything in the dear old village seemed the same to Giles after his absence of four years as a prisoner of war in Germany. The old church, the village pump, the ducks on the green, the old men smoking their pipes while the women talked—it was so restful after the treatment he had received at the hands of the enemy.

Suddenly he missed something. "Where's Hodge's other windmill?" he asked in surprise. "I can only see one mill, and there used to be two."

The native gazed thoughtfully around as if to verify the statement. Then he said slowly:

"They pulled one down. There wasn't enough wind for two of 'em!" London Tit-Bits.

W. W. Lee, Vice-President, and C. D. Lusby, Cashier of the Glendale Savings Bank, Glendale, Cal., being duly sworn, each for himself, says he has a personal knowledge of the matters contained in the foregoing report of condition and that every allegation, statement, matter and thing therein contained, is true to the best of his knowledge and belief.

W. W. LEE,
Vice-President.
C. D. LUSBY,
Cashier.

Severally subscribed and sworn to before me by both deponents, the 8th day of April, 1920.

(SEAL) Notary Public in and for said County of Los Angeles, State of California.
My commission expires April 24, 1922.

SOUTHERN PACIFIC COMPANY

San Francisco, April 9, 1920.

To Railroad Employees, Railroad Officers and Citizens:

The switchmen in a number of terminal yards of the Southern Pacific are on strike. They took this action without presenting or making known any grievances. The strike is in violation and repudiation of their working agreement and violates the Transportation Act of 1920, which provides means for considering and adjusting complaints in an orderly way and without stopping work.

Section 301 of that act provides: "It shall be the duty of all carriers and their officers, employees and agents to exert every reasonable effort and adopt every available means to avoid any interruption to the operation of any carrier growing out of any dispute between the carrier and the employees or subordinate officials thereof. All such disputes shall be considered, and if possible, decided in conference between representatives designated and authorized so to confer by the carriers, or the employees or subordinate officials thereof, directly interested in the dispute. If any dispute is not decided by such conference, it shall be referred by the parties thereto to the board which under the provisions of this title is authorized to hear and decide such dispute."

The strike is also illegal under the laws of the organizations to which the strikers belong. It has been so denounced by chief executives of those organizations who together with railroad officials, have been making every effort to induce the men to return to service. But the strikers have not returned to work, and the service which the railroads must render is interrupted, hence it becomes necessary for this company to take action to fulfill its obligations to the public.

Therefore, notice is hereby given that all striking employees who do not report for duty on their assignment commencing on and after 4 p. m., Saturday, April 10, 1920, will be regarded as having terminated their employment with the company and their places will be filled.

J. H. DYER,
General Manager.

Switchmen Wanted.—Men experienced in railroad yard work desiring employment should call at once or send names and home address to Superintendent, Southern Pacific Company, at addresses shown below. Strike conditions prevail, but the strike is unauthorized and denounced by the officers of Railroad Brotherhoods.

Third and Townsend Street, San Francisco; Oakland Pier, Bakersfield, Stockton, Los Angeles, Sacramento, Sparks, Portland.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of Glendale Evening News, published daily except Sunday at Glendale (L. A. Postoffice) for April 1, 1920.

State of California,)
County of Los Angeles.) ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared A. T. Cowan, who having been duly sworn according to law, deposes and says that he is the editor and publisher of the Glendale Evening News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, the circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations printed on the reverse side of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Name of Publisher, A. T. Cowan, Glendale, Los Angeles P. O., Calif.

Name of Editor, A. T. Cowan, Glendale, Los Angeles P. O., Calif.

Name of Managing Editor, A. T. Cowan, Glendale, Los Angeles P. O., Calif.

Name of Business Manager, A. T. Cowan, Glendale, Los Angeles P. O., Calif.

2. That the owners are: A. T. Cowan, Glendale, Los Angeles P. O., Calif.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the com-

pany as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustee, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 1,400.

A. T. COWAN.
Sworn to and subscribed before me this 30th day of March, 1920.
(Seal) STELLA SMITH.
(My commission expires April 24, 1922).

TRYING TO KID HIM

Down at Kelly field an instructor left on a furlough and his cadets were assigned to other "flights" for their flying practice. By mistake one was attached to a "circus" squad.

When his turn came he climbed into the rear pit and the instructor took him up to 6000 feet, swung the machine into a spiral nose dive, and waved his arms above his head to indicate that the cadet should right the machine.

When the machine had dropped to 2500 feet, gaining momentum rapidly, the instructor became alarmed and looked back at the cadet, who waved his arms above his head and grinned. The pilot grabbed the controls and made a safe landing.

The cadet explained that this was his first flight, and he thought the instructor was trying to kid him when he waved, so he pretended he wasn't scared.

"—TODAY, IN FLANDERS' FIELDS"

In France today there are vivid signs of the coming of spring. Through the battle-scarred earth of what once was called the Western Front, not long since a blood-soaked waste, tiny plants that soon will be in full flower, are pushing their way towards the sunlight. Nature tries hard always to hide ravages made by man.

The sweet scent of the flowers of France soon will be wafted over the resting places of those Americans who gave their lives that those flowers always shall belong to France. Who dares say with certainty that the sweetness of those flowers will not reach those who rest upon the war-torn fields? Or who dares say that the gentle thoughts that we, their comrades, send across to them in this springtime of a new and, we hope, a better year, are not known and understood by them?

Our organization came because of their sacrifices. Not one of those thousands sleeping so peacefully under the tri-color of France had his name upon an American Legion membership roster. Yet no American Legion post ever should hold a meeting without once, during the course of it, having the men in attendance stand for a moment silent and at attention in honor of those—Over There—who, never having joined our Legion, will be for all time its most honored and revered members.—California Legion Monthly.

SOME FAULTS AND THE REMEDY

Had enough of California

Did I overhear you say?

Nights too cool for comfort,

Too warm throughout the day?

Too rocky in the mountains,

Too sandy by the sea?

Too noisy on the boulevards,

And nothing here to see?

Don't like our summer climate,

Detest the winter rains?

Then, why not remove the trouble?

They are running regular trains.

SOUTHERN CALIFORNIA INDUSTRIES

All of the metropolitan manufacturing district of Southern California is included in the plan for Industrial Week to be held May 17-22 in Los Angeles, according to advices received by the Chamber of Commerce from the Committee on Manufacturing of the Los Angeles chamber.

In its count of population, the government segregates each town, but in summing up industry, Uncle Sam divides the country into districts which include a large number of towns. The Los Angeles industrial district extends north to San Fernando, east to Redlands and south to Huntington Beach. It includes territory in four counties and is expected to make a presentable showing in the present census being taken by the United States.

Industrial Week will be celebrated to bring home the thought to the population that Southern California is developing rapidly industrially and that through increased production a material reduction in the high cost of living can be effected. Industrial Week is expected to present in panoramic display the extent of present manufacturing and what may be expected in the future. City and town limits will be obliterated and, while each community will feature its own particular industries and display its own products in store windows, a great central observance will be made in Los Angeles.

Information regarding the plan may be had from the secretary of the local Chamber of Commerce.

Any town that didn't have a hill big enough to have an Easter sunrise service on this year, was certainly out of style. If the craze spreads, special hills may have to be built to rent to towns that live on the flat lands, for use on Easter morning.

Advertise for it in the News.

COUNTY Y. M. C. A.

ACTIVITIES OF LAST WEEK SET FORTH BY DISTRICT SECRETARY WILLIAMSON

Wednesday evening several members of the Three C Club of the High School Y. M. C. A. went over to Pasadena to attend the big meeting and "bean feed" of the Federated Hi-Y Clubs of Southern California, where they met several hundred High School fellows from the different schools. A "jazz" band rendered some lively music while the boys were eating supper, that is, whenever the yell leaders did not pull off something for their own schools. Taking it all together it was as lively a meeting as you might expect from so many live High School fellows. The inspiring addresses that followed were what counted and the boys felt well repaid for coming. The District was allowed 10 delegates; Burbank sent five and Glendale five. The Glendale boys were Dale Wood, Horace McRae, Earl Van Dyke, Harry Merriken, Waldo Yard; also E. E. Williamson, secretary.

This High School Club is under the leadership of Normal Hayhurst, coach of the High School, and meets Thursday evenings at the High School Gym.

Last Tuesday about thirty members of the Triangle Club met at the M. E. Church under the leadership of W. G. Boyd and after the regular lesson work they listened to a stereoscopic lecture on the Summer Camp Work of the Y. M. C. A. Many slides were shown, illustrating the San Gabriel Canyon, the Pine Flats Camp Site, Mirror Lake and the various activities of that big camp where the boys from this district will gather this coming vacation for a two weeks' outing, for boating, supervised swimming and athletics. The boys are all counting on this great time. It will be the event of a boy's life and many a boy's future has been made at these camps. Here is the place for that live boy up among the big peaks some of them 9000 feet high, all covered with big timber with good companionship, woodcraft studies, wild animals, fishing and a chance to help build a real log cabin. Let's save our pennies and go.

Boys, get one of the advance announcements. They're out now.

WHY CHANGE YOUR CHICKENS?

There is a popular film play called "Why Change Your Wife?" Out here in Glendale many people are wondering why change your chickens? Some householder will decide to dispose of her flock of chickens and advertise them for sale in the Evening News. Of course they will be snapped up immediately but no sooner are they gone than the lady decides her pens look too lonely and she at once consults the classified ad page of the Evening News to see who offers poultry for sale. Of course she finds many such ads and soon an entirely new colony occupies the yards.

THE OTHER SIDE OF THE MEXICO QUESTION

"If Mexico seems a pest to us, how do we seem to Mexico?" queries George B. Winton, in his article on "The Other Side of the Mexico Question," in the March World Outlook.

After close association with Mexicans for half a generation, Dr. Winton is strongly against intervention. He answers the question whether there will be an appeal to arms next summer over the Presidential election by three reasons why, in his opinion, there will not.

"First, because Mexicans are tired of war, of soldiers and soldiering. I spent last October among them, and this was everywhere evident. They will laugh at the man who tries to upset the results of the ballot by appealing to the bullet.

"Secondly, they are aware that they and their country are on trial before the world. If they cannot hold a quiet election and abide by it, then they are not civilized. Even if they were not too busy trying to get rich this would deter them from fighting each other. The belligerent candidate, if one proves to be belligerent, will find few recruits for his army.

"Third, all of the men so far mentioned for the candidacy, and every other Mexican of sufficient intelligence to be put forward as a candidate, are aware of the danger of American intervention. Further serious disturbances in Mexico are likely to bring our armies down upon them. They understand this. And all our jingo press correspondents and politicians to the contrary notwithstanding, that is the one thing which no Mexican wants.

"But Mexico will fight if we invade her territory. She has the pride and the patriotism that would make that inevitable. And in the front ranks of her army would be the fine young fellows whom our missions have trained in their schools, many of them graduates of our American colleges. They are the country's best hope. To make them fodder for our machine-guns could not help Mexico.

"We have abused Mexico and criticized Mexico for years. How would it do now to help Mexico? Her one need is education—in morals, of

AIR ROUTES SOON

DON McDONALD, LATELY IN AVIATION SERVICE, BELIEVES COMMERCIAL FLYING NEAR

Don McDonald of Los Angeles, who is a salesman for a well-known tire company, was in Glendale a short time yesterday, visiting relatives. He recently returned from an extended tour of the middle west and south in the interests of his company and is more than rejoiced to get back again to the land of sunshine, which he had not seen in several years. He was in the aviation service during the war, taking training at Rantoul, Ill. After the war closed he took up the matter of commercial aviation but was able to do nothing with it at the time. He is still greatly interested in it and believes that no new business has as great a promise as this. He looks to see regular freight and passenger lines connecting Chicago and other eastern cities with Los Angeles and San Francisco, and intermediate points, within a very few years. He says when that time comes he expects to be linked up with one of the air routes.

Mr. McDonald says that he found nearly everything higher in the east than here and that in all his travels he discovered just two commodities that are now no higher than they were before the war and these are chewing gum and auto tires.

ONE WAY OF REGISTERING A KICK

An American navy officer, well known on the Pacific Coast, stayed at a famous London hotel for a few days during the war. When he "checked out" he found his bill all out of proportion to the service he had received. It was about three times as large as he thought it should be.

He called for the hotel manager after he had paid up, and, when that dignitary arrived, shook hands with him effusively, at the same time wishing him happiness and prosperity for many, many future years. The manager was puzzled. "But why," he asked, "should the Lieutenant be so unusually cordial?"

The navy man pointed to the staggering total of his receipted bill. "Because, old top," he said, "that bill means that I will never, never see you again."—California Legion Monthly.

HOW CHINESE USE PEACH STONES

Women and children are to be seen in the markets of China picking up peach stones, which are put to several uses. Broken into pieces and dried in the sun, they furnish excellent material for fuel.

Another profitable use of the peach stone is made by artists and engravers, who carve them into different forms of animals. Some of the larger stones, if round enough, are carved into finger rings. During the season one may see in the interior of South China yards of poor people full of peach stones drying in the sun. After being cleaned, the small stones are used for fuel, groups of small-boys picking out the larger ones.

The kernels are sometimes sold to chemists and druggists. They are preserved in bottles and used as cough medicine after the kernels are turned into white powder. This white powder is a very popular, convenient and cheap medicine for poor people in many villages as a remedy for coughs.

MANY WORKMEN OWN AUTOS

The appearance of two or three autos standing in front of a house nearing completion is quite common these days, but it often causes wonder on the part of visitors to the city passing by, especially when they are informed that these machines are owned by workmen inside. With plasterers and plumbers getting \$10 a day carpenters \$7 to \$9 according to location and other trades in proportion, it is no wonder many of them can afford autos.

NO RACE SUICIDE IN THE CONGO

The Congo Belge is safeguarded against race suicide by a law which exempts from taxation any man who has four children by one wife.—World Outlook.

course, as well as in mind. Her people are ignorant, the masses of them. That makes them weak and superstitious and easy to be duped. They find it hard to govern themselves. They are in danger of losing control of their rich and beautiful country.

"Nothing could possibly be simpler and easier than for us to help educate them. We could endow a college for training leaders. We could offer scholarships in American colleges for graduate work. We could promote agricultural schools and normal schools and technical schools. We could endow scholarships for poor boys and girls in existing normal schools. Teachers, preachers, leaders of every kind. That is Mexico's need. One-hundredth part of the money that would be required for military operations would suffice for all this, and it would be a hundred-fold more effective in 'cleaning up Mexico.'"

ELECTRICITY Will do it Better and Quicker

Have you decided to get out of the old rut and equip your home with the modern aids to efficient housekeeping?

GRASSHOPPER BAIT

A year ago the grasshoppers ate up nearly \$100,000,000 worth of our winter wheat. Science at once set about devising some scheme to control this pest. They mixed a concoction, on an enormous scale, known as "grasshopper bait," making 4565 tons of it, or enough to fill 183 large railroad cars. To mix this bait they used 50,000 lemons,

eighty-three tons of white arsenic and other ingredients in similar proportion. The bait was then scattered over a great area in Kansas. The grasshoppers ate it freely with the expected result. This year there are no grasshoppers in Kansas. Boys' Life for March.

STATE OF CALIFORNIA, (SS.)	
COUNTY OF LOS ANGELES,)	

Fred E. Biles, President, and Ada Carr, Secretary and Cashier of Eagle Rock Bank, being duly sworn, each for himself, says he has a personal knowledge of the matters contained in the foregoing report of condition and that every allegation, statement, matter and thing therein contained, is true to the best of his knowledge and belief.

FRED E. BILES,
President.
ADA CARR,
Secretary and Cashier.
Severally subscribed and sworn to before me by both deponents, the 7th day of April, 1920.
W. L. MILLER,
Notary Public in and for said County of Los Angeles, State of California.

Advertise it, or advertise for it in the Evening News.

NOTICE OF SALE OF REAL ES- TATE AT PRIVATE SALE

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the Matter of the Estate of FREDERICK M. COCK, Deceased.

Notice is hereby given that the undersigned, D. B. Pingree, Administrator of the Estate of Frederick M. Cock, Deceased, will sell, at private sale, subject to the confirmation of said Superior Court, on or after the 27th day of April, 1920, at the office of JAMES F. McBRIDE, 103-A No. Brand Boulevard, Glendale, California, all the right, title and interest of said deceased at the time of his death, and all of the right, title and interest said estate has acquired by operation of law or otherwise, in addition to that of said deceased at the time of his death, and all of the right, title and interest said estate has acquired by operation of law or otherwise, in addition to that of said deceased at the time of his death, in and to the real property situated in the County of Los Angeles, State of California, and described as follows, to-wit:

That portion of Lots Sixteen (16) and Seventeen (17) in Block One (1) of "Westgate," in the City and County of Los Angeles, State of California, as per map recorded in Book 7, page 22 of Maps, in the office of the County Recorder of said County, described as follows, to-wit:

Beginning at a point in the Easterly line of said Lot Seventeen (17) Fifty (50) feet Northerly from the South Easterly corner thereof; thence Westerly parallel with the Southerly line thereof Ninety-four (94) feet to a point within Six (6) feet of the Westerly line of Lot Sixteen (16) in Block One (1); thence Northerly parallel with the Westerly line of said Lot Sixteen (16) Twenty-five (25) feet; thence Easterly parallel with the Southerly lines of said Lots Sixteen (16) and Seventeen (17) thence Southerly along said Easterly line, Twenty-five (25) feet to the place of beginning.

Terms and conditions of sale, cash, gold coin of the United States; ten per cent of the amount bid to be paid at the time of sale, balance on confirmation of sale by said Superior Court.

Bids or offers must be in writing and may be left at the office of James F. McBryde, 103-A No. Brand Boulevard, Glendale California, at any time after the first publication of this notice and before making said sale.

Dated April 8th, 1920.

D. B. PINGREE,
Administrator of Said Estate.

JAMES F. McBRIDE,
Attorney for the Administrator.

"De man da laughs at his own jokes," said Uncle Eben. "makes you feel like kind o' friendly toward 'im, 'cause he seems so good-natured and easy to please."

BIG JOB FOR RAILROADS

For the purpose of working the freight cars of the country as a unit and to the best advantage of shippers, the railroads have voluntarily formed a commission on car service to work in close cooperation with the Interstate Commerce Commission at Washington.

The purpose of the new organization and some of the immediate problems connected with car supply were related yesterday by G. F. Richardson, who returned to the Southern Pacific as superintendent of transportation after several years of war service at Washington as an expert on car distribution.

"One of the big tasks confronting all roads right now," Richardson said, "is to locate and secure their own freight equipment which is scattered all over the country."

"As an example, among the 2,450,000 freight cars pooled by the administration were 35,800 belonging to the Southern Pacific company. Approximately two-thirds of these cars are on foreign lines while in their place we have cars from almost every railroad in the country. Normally 75 per cent of our cars are on home lines or direct connections which are likely to use them for a return load."

"We are anxious to get our own rolling stock on the Pacific coast again so as to effect whatever repairs their heavy use during the last two years has necessitated, and to make them available for the coming crop movements. Ordinarily we figure the percentage of cars on the repair tracks to be five in every hundred, but this figure will probably be higher until we have caught up with deferred work."

FORESTRY AS A PROFESSION

"A new profession which has developed in recent years is of interest to the boy who loves out-of-door life," says a vocational article, "When You Grow Up—Forester?" in the March issue of Boys' Life. "Trained foresters are now employed by the United States Forest Service, by the State Forest Commissions, by lumber companies, railroads, and other private enterprises."

"There are 151 national forests in the United States, mostly in the mountains of the west. Others are in Oklahoma, Alabama, South Carolina, Georgia, Tennessee, North Carolina, Virginia, West Virginia, New Hampshire, Maine, Michigan, Minnesota, Arkansas, Florida, Alaska and Porto Rico. The government has bought and is still buying land in the Southern Appalachians and the White Mountains for national forests in the east. They are set apart to insure a perpetual supply of timber for the people of the United States and to prevent destruction of the forest cover which regulates the flow of streams. The Forest Service of the Department of Agriculture administers the national forests. It protects them from fire and other agencies."

"Many young men are attracted to forestry because it is an out-of-door profession. Such men should remember that spending considerable time in the woods as part of one's regular business is very different from camping out for a few weeks. The apprenticeship to forestry is served in the woods, often under trying conditions. Headquarters are likely to be shifted from place to place, so that a young forester may be for some time unable to establish a home. In the higher positions there is greater opportunity for home life, but even then the forester will be obliged to spend a great deal of time in the woods and will have to live ordinarily in a small town with little opportunity for city life."

STEPHENSON FOR TRUSTEE WHY?

Because—he is competent, energetic and progressive.

Because—he has no interests to serve, other than those of the City of Glendale.

Because—having lived here since 12 years of age, he thoroughly understands those interests.

Because—he has not compromised himself to follow any definite program other than that of general welfare and advancement.

Because—he is an EX-SERVICE MAN, having aided his country in time of war.

Because—this fact, added to his other qualifications, makes him the man we should elect to safeguard and develop our city.

Vote For Stephenson Monday, April 12th

CERRITOS AVE. P. T. A.

FINE ADDRESS ON AMERICAN-
IZATION BY MISS ANNA
IRENE JENKINS

The regular monthly meeting of
the Cerritos Avenue Parent-Teacher
Association Thursday afternoon
drew an excellent attendance and
the program was such as to reward
all comers for the effort. As usual
the social half hour and refresh-
ments of cake and coffee preceded
the meeting. Miss Anna Irene Jen-
kins was the speaker, her theme be-
ing "The Personal Equation in
Americanization." She was for-
merly State Chairman of Kindergar-
tens in the Congress of Mothers and
has excellent and definite ideas as
to how the problem may be worked
out. Her main thought was that it
must begin in the homes of the
American people who can influence
the foreign born by setting high
ideals before them and standards of
living through a worthy home life.
Everything we do, she contends, has
a bearing on the lives of others and
it is the little daily actions that
count.

Audrey Haines contributed a pi-
ano solo, Marian Stadler gave a toe
dance and four girls of the seventh
grade read selections from Evange-
line.

Delegates elected to the District
P-T. A. were: Mesdames Brown,
Adams, Todd, Tuttle, Priaulx, Blair,
Ambrosch, Richardson, Wilbur and
Moore.

The nominating committee chosen
consisted of Mr. Harwood, Mrs. Ad-
ams and Mrs. Todd.

EVENTFUL WEEK

INTERESTING GATHERINGS AT
CENTRAL AVENUE METHO-
DIST CHURCH

It has been an eventful week at
Central Avenue Methodist Church.
A very nice meeting held under the
auspices of the Women's Foreign
Missionary Society was enjoyed
there Thursday evening, the pro-
ceeds of the silver offering going to
the church debt fund. The first
part of the program was devoted to
music, Miss Roberta Schout giving
a saxophone rendition of Carrie Ja-
cobs Bond's "Perfect Day," accom-
panied upon the piano by Mrs. War-
ren West. Miss Emily Kopp and
Will Marple contributed a vocal
duet, and Mrs. Warren West an in-
strumental solo. The speaker of
the evening was District Superinten-
dent Dr. W. L. Y. Davis of Pasadena,
who gave his celebrated lecture, "In
My Backyard."

Friday evening all the Epworth
Leagues of Glendale, Eagle Rock
and Casa Verdugo met in the social
hall of the Central Avenue Church.
The first part of the evening was
devoted to games which were followed
by a business meeting and after that
the league of each church represent-
ed gave a stunt to advertise the Ep-
worth League Convention which is
to be held in Glendora next week.
The League of the First Church of
Glendale won the prize, a beautiful-
ly framed picture, "The Gleaners,"
which will be hung in its League
Hall. Refreshments of coffee and
cake were then served by the host-
ess League.

The meeting of the Women's For-
eign Missionary Society was held
Wednesday afternoon at the parson-
age adjoining the church and was
honored by the presence of two re-
turned missionaries, Dr. Davidson,

BACK TO FARM PARTY

MR. AND MRS. ANGLIER SUR-
PRISED BY FRIENDS IN TROP-
ICO PRESBYTERIAN CHURCH

Mr. and Mrs. C. W. Anglier, who
have been living on South Colum-
bus avenue and who are moving to-
day to their ranch in La Crescenta,
were guests of honor at a surprise
party given by their many friends in
the Tropico Presbyterian Church at
the home of Dr. and Mrs. Richard-
son, at the corner of Brand and Gar-
dena, Mrs. H. E. Fry being the as-
sisting hostess. In recognition of
their prospective change, guests
were requested to come in country
garb, as back-woods as possible,
and so the men came in jeans and
old clothes and the women in calico
gowns, Mrs. Van Etten taking the
prize in an old-fashioned wrapper
of light-colored, red-flowered print,
very long, and terminating in a ruffle.
Around her shoulders was a red
cashmere shawl and on her head a
white straw hat of antiquated shape
trimmed with flowers and feathers.
On the porch of the Richardson
home stood a lantern, and within the
house was lighted with kerosene
lamps and candles.

Old-fashioned games were played,
"Roll the Platter," "Simon Says
Thumbs Up," and other favorites of
by-gone days, and Dr. Richardson
as soloist led in the singing of a song
composed by H. E. Fry and set to
the tune of "Old Black Joe," the
whole company joining in the chor-
us. The song ran something like this:

"Farewell dear friends, we hear
you're soon to go
Back to the ranch where spuds and
pumpkins grow,
Up in the hills, far from the noisy
thrang.

We envy you and wish you'd take us
all along.
"Chickens and eggs and pedi-greedy
goats
That ought to bring in bushels of
bank notes
Remember us when you divide your
dough.
We know you will because you love
us so.

Chorus
"We are coming, we are coming,
With shovel and hoe
The caravan will soon set out,
From Tropico."

Doughnuts and coffee were served
by way of refreshment, the table be-
ing centered with an old-fashioned
caster.

In spite of the rain there was an
excellent attendance and a very jol-
ly time was enjoyed by all who
came.

who is here from India and who
talked on the women of India with
special reference to the Indian wid-
ows, and Dr. Judd who made no
address but led in prayer. Follow-
ing the business session the "Mys-
tery Box" of which Mrs. Casper Tut-
tle had charge, was revealed by her.
It was an unusually large and inter-
esting meeting.

Mrs. Marion Smith, wife of the
pastor, represented the church and
participated in the program ar-
ranged for the celebration of the
birthday of the National Women's
Home Missionary Society which was
held at Asbury Church in Los Ange-
les Tuesday afternoon. The audi-
torium was packed, about 450 wo-
men, delegates from the many Meth-
odist Churches of Southern Califor-
nia being present. Music for the

DO YOU
REALIZE

—that it is now possible to get
automobile insurance at a rate

meeting was furnished by what has
been known as "The Wilson Quar-
tette," consisting of Mrs. Marion
Smith, her mother, Mrs. Byron H.
Wilson, and her two sisters, Mrs. R.
M. Pettifils and Miss Venus Wilson.
A number of past or present national
officers were present, including Mrs.
George O. Robinson, former Nation-
al president; Mrs. Jennings, Nation-
al treasurer, and the wife of Bishop
Bashford, whose mission field is
China.

A big Sunday School campaign is
on at the Central Avenue Church
where A. L. Brown is superinten-
dent. The attendance has been in-
creased to 120 this month, and the
Easter Vesper Service for which the
Sunday School provided the program
last Sunday evening drew a very
large attendance.

BUSINESS AS USUAL

Bob—Who was the handsome
chap I saw you dancing with just af-
ter the intermission?

Anne—He is a stranger in town.

Bob—Dashing, isn't he?

Anne—Nerviest fellow I've ever
seen.

Bob—I noticed he had his arm
rather tightly about you.

Anne—I didn't mind that so
much.

Bob—What then?

Anne—Do you know why he had
me clutched that way?

Bob—Can't imagine.

Anne—Well, would you believe it,
he had me that way so I couldn't
escape, and all the time we were
dancing he was trying to sell me
some life insurance.

BEFORE AND AFTER

They were both suffragists—one
very pretty and young and the other
much older. The older one voiced
her views very emphatically for the
younger one's benefit. "I think
it's very impractical for women to
get married before they are thirty-
five," she said.

The young suffragist retorted in-
stantly, "Yes, and I think it's very
impossible for them to get married
after they are thirty-five."

BUSY? YES

But Not Too Busy to do Your Work

If in need of any guttering, spouting, venti-
lating skylights, cornice, tanks, chicken wat-
ers, feeders, in fact sheet metal work of any
description, either new or repair work, let us
figure with you.

Our work is guaranteed and we are here to
stand back of it, promptly.

FIRST METHODIST EPISCOPAL
CHURCH

Corner Kenwood and Wilson, Rev.
Clyde Monroe Crist, D. D., Pastor.
Sunday School (graded), 9:30. Prof.
A. W. Tower, Superintendent. This
school is seeking 100 additions. The
equipment is the best. Come and
you will come again. Preaching at
11 a. m. and 7:30 p. m. Mrs. J. A.
Stavely of Topeka, Kansas, will be
heard at the 11 o'clock hour. Class
meeting at 12:15. Rev. C. R. Nor-
ton, Leader. Epworth League at
6:30. A meeting full of life. Sub-
ject, "What Shall We Do With Our
Sundays?" (Neh. 13:15-22). Inter-
mediate League (ages 12 to 16 years)
6:30. Mr. L. C. Leeds, Superintendent.
Brotherhood Prayer and Council
meeting at 7 p. m. A. G. Lindley,
Leader. "Saul, Annanias and Christ"
will be the pastor's evening theme.
Fine music by the large vested choir.
Sunday afternoon the Brotherhood
will carry out their plan of social vi-
sitation. New members especially may
expect a call. This is a social church
and one that "seems like home." An
acousticon is installed for those who
find it difficult to hear. Ask the
usher to direct you. At the 11 o'clock
hour the pastor will baptize adults,
including a number of men.

FIRST BAPTIST CHURCH

Ernest E. Ford, Pastor. Sunday
School at 9:30. Roy L. Kent, Super-
intendent. Organized adult classes.
Graded lessons. Classes for all ages.
At the 11 o'clock service, Dr. Fred-
erick G. Davies, State Director of the
\$100,000,000 Campaign, will speak.
Mr. Roy L. Kent has been appointed
Campaign Director for the local
church. Team Captains have been
appointed in the seven districts; and
each captain has his team. The Cam-
paign is now on, but the "Drive"
takes place April 25 to May 2. Be
sure to hear Dr. Davies on Sunday
morning. Young People's meeting
on Sunday evening at 6:30. Miss
Faith Tarling, leader. At the even-
ing service the pastor will preach
from the theme, "For or Against
God?" Prayer Meeting on Wednes-
day evening at 7:30. Special pray-
ers for the Campaign.

PRESBYTERIAN CHURCH

The pastor, W. E. Edmonds, will
preach both morning and evening.
Morning worship 11 o'clock. Sermon
topic, "Outpourings." Evening
service, 7:30. Sermon topic, "Jonah
Under the Gourd." Sabbath School,
9:30. H. L. Finlay, Superintendent.
On account of crowded conditions,
the opening exercises will be held in
the auditorium. C. E. meetings at
the usual hours. Pre-communion ser-
vices April 19-23, meetings every
night. Communion service Sunday
morning, April 25th, 11 o'clock. New
members will be received.

Musical program: Morning—
Quartette, "Awake Psalter and
Harp" (Wilson); Tenor Solo, "Con-
sider and Hear Me" (Wooler), Mr.
Allen McDaniel; Gospel Solo, Mrs.
Fannie Marple Retts. Evening—
Quartette, "O Guide Divine" (Fergus-
son); Baritone Solo, "No Cross, but
Crown" (Johnstone), Mr. Clifford
Riggs; Gospel Solo, Mrs. Fannie Mar-
ple Retts.

CONGREGATIONAL CHURCH

Church located at Central and Wil-
son. Dr. E. H. Willistord, Minister.
9:45 a. m. Sunday School. 11 a. m.
"College Day" is being observed in
many of the Congregational churches
of Southern California, so Mr. Victor
E. Marriott, head librarian of Pomona
College, has been invited to be the
speaker in this church. 6:30 p. m.
Young People's Meeting. 7:30 p. m.
The minister will speak. He has
just returned from Catalina where
he attended the Congregational Min-
isters' Retreat. His topic will be
"Some High Points of the Retreat."

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist,
corner Maryland and California ave-
nues. Services Sunday at 11 a. m.
The lesson sermon is from the Chris-
tian Science Quarterly Bible Lessons.
Subject, Sunday, April 11, "Are Sin,
Disease and Death Real?" Sunday
school at 9:30 a. m. Wednesday ev-
ening testimony meeting at 8. Read-
ing room, 135 S. Brand Blvd., open
daily except Sunday and holidays
from 12 to 5 p. m. Also every Tues-
day, Thursday and Saturday ev-
ening from 7 until 9.

CHRISTIAN CHURCH

The pastor preaches at 10:30 a. m.
on "The Church—The Home of the
Soul." At night Evangelist Root
closes the special series of meetings.
His chart sermon on "The Taber-
nacle—A Type of the Church," will
be given. Mr. and Mrs. Fiscus of
Iowa, will assist with cornet and sax-
ophone. A male chorus will sing.

CATHOLIC CHURCH

Mass at 8 and 10:30. Sunday
School at 9 a. m. Sermon in English
at 10:30 service. Doors open for
all. Sermon at 10:30, "Shall the
Dead Rise Again?"
JAMES STEPHEN O'NEILL,
Pastor.

CHRISTIAN AND MISSIONARY
ALLIANCE

Meetings every Tuesday, 7:30 p. m.
Gospel Tabernacle, 310 E. Chestnut
street, corner of Louise. Full Gospel
—Jesus Christ—Saviour, Sanctifier,
Healer and Coming King.

NEW THOUGHT CENTER

Masonic Temple, Sunday April 11.
Lecture by Dr. Frank Riley at 11
o'clock. Sunday School 9:45. All
welcome.

HER WORDS OF CHEER

Mary was writing a letter to her
Uncle Peter, who had almost lost the
use of his legs by having rheuma-
tism.
"Be sure to write a cheerful let-
ter, Mary," admonished her mother;
"you know Uncle Peter has been
sick."
An hour later Mary showed this
letter to her mother: "Dear Uncle:
"I am so sorry that you have been
sick. Why don't you go to heaven?"
They will give you a pair of wings
there and you can rest your poor
tired legs."
